

Packaging Material Recycling Information

This document fulfills environmental labelling requirements and obligations for packaging materials from Italian Legislative Decree No. 116 of 3 September 2020 implementing (EU) Directive 2018/851 on waste and EU Directive 2018/852 on packaging and packaging waste.

Instructions:

- To locate recycling information, use the search/find functionality in your browser or PDF viewer.
 - Use the product catalog number or product-specific keywords.
 - Catalog number is denoted by **REF**.
- Navigate to the appropriate product to obtain the applicable recycling information.
 - The material and recycling information listed below is arranged by product family where possible.
 - Common packaging materials used to transport the finished product are listed below first, followed by product-specific packaging materials.
 - The packaging components are listed in order from closest to the product (i.e., pellet, swab) at the top of the list to outermost at the bottom.

Please contact Microbiologics Technical Support at +1.320.229.7045 or Customer Service +1.320.253.1640 if you have difficulty finding recycling information for your product(s).
